

BUSH HOUSE

BUSH HOUSE is located on the edge of Ampitabe Lake, in Akanin'ny Nofy, Pangalanes Canal.

HOW TO GET THERE?

- **By boat:**

It's the most pleasant and picturesque way for tourists because it allows a beautiful ride on the Pangalanes canal: we navigate on channels and lakes. Along the banks, it's possible to see small villages, rainforest, canoes and barges, fishermen, cargo rafts with little improvised huts on it. The Pangalanes canal is often windy, so it's better to bring anorak and/or sweater.
